JAPANESE TENKOKU STONE CARVING WORKSHOP with Nao Fukumoto

Saturday 30 April 2022
10:00 AM 1:00 PM

at the Farnham Sculpture Workshop,
Farnham Pottery

£45 per person including materials

Stone seals have been used in East Asia for thousands of years. Similar to wax seals in Europe, they are used as decorative sigils to seal letters and sign artwork.

In this workshop, tutor Nao Fukumoto will guide you as you in choosing your own Tenkoku Moji (letter) or you can design your own letter/symbol and carve it into a small square stone. The seal will be unique to you and will last forever.

The workshop is perfect for anyone who might want to use a marquee for their work, or for those who enjoy learning new skills.
